

FEBRUARY 2021

New in 2021

With a new year, brings new opportunities. APAOG launched the new [Women's Health Resource Center](#) page on our website within the last few weeks. This page will be added to throughout the year as more companies and organizations take advantage of our [Partnership Opportunities](#). This creation stemmed from wanting to provide our members with resources and information that may be useful as you continue to treat patients and support women through the healthcare field you are a part of. Please reach out to us with any questions and feel free to share this opportunity with those around you who may find this to be a good fit.
