Wednesday, May 17, 2017, 9-10am

[SPARK Student Session - PAs in OBGYN](#)

Sessions will give you advice and knowledge for every phrase of your PA student career – and beyond! This year, hear from practicing PAs and subject matter experts on surviving clinical rotations, preparing for PANCE, choosing a specialty and acing your interview and contract negotiation. Prepare yourself for life after graduation with sessions on financial advice, volunteering opportunities, global PA developments and professional advocacy.

Thursday, May 18, 2017, 5-6 pm

[APAOG Meet and Greet](#) ~ no RSVP required

Come meet the board and members of the Association of PAs in OBGYN (APAOG) to find out all about what APAOG has to offer! APAOG is a constituent organization of AAPA and focuses on PAs practicing in women's health in a variety of specialties including family medicine, internal medicine, GYN, OB, MFM, REI, pediatrics, geriatrics, GYN oncology, and many more! All are welcome!

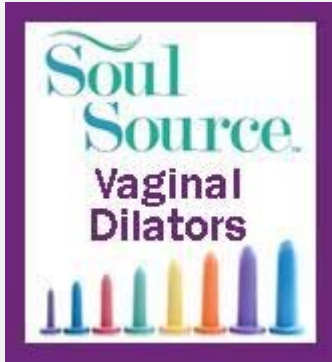

Thursday, May 18 2017 6-8 pm

[APAOG Banquet and Annual Meeting](#) - RSVP today!

Join APAOG in Las Vegas! APAOG is hosting a free event for APAOG members and non members to meet at AAPA in Las Vegas. Light horderves and drinks will be served.

The event will feature award winners and provide an update to the group from the APAOG board.

2017 APAOG Webinars

Opiate Use Disorder and Womens Health

February 21, 2017 - [Register today!](#)
5PM PT/7PM CT/8PM ET

Speaker: Cresta Jones, MD

Learning Objectives:

- Understand the significance of the opiate use disorder crisis in the United States as it applies to women's health.
- Identify the pregnancy complications associated with opiate use disorder and chronic opiate use.
- Describe the treatment options for opiate use disorder in pregnancy.

- Understand the basic symptoms and treatment of neonatal opiate withdrawal syndrome.

Menopause: Where are we now?

June 20, 2017 - [Register today!](#)
5PM PT/7PM CT/8PM ET

Speaker: Elyse Watkins, DHSc, PA-C

- Describe the Women's Health Initiative study and its subsequent effect on exogenous hormone utilization during menopause.
- Discuss the current evidence-based guidelines on hormone therapy for menopausal women.
- Differentiate the various treatment options currently available for vasomotor symptoms and vulvovaginal atrophy due to menopause.
- Describe the risks and benefits of hormone therapy during menopause.

Menopause: Where are we now?
webinar is sponsored by:

Clinical Updates

It is now reported that abortion rates in the US in 2014 were recorded at an all-time low. This is largely credited to improved access and use of contraception, including long acting, reversible contraceptive devices. Read the full article published by Guttmacher Institute [here](#).
