The Harmony Prenatal Test
is validated for pregnant
women of all ages*

*both under 35 and over 35 age groups, studies have included women ages 18-48. This is a lab developed test and has not been cleared or approved by the US FDA.

Welcome to the New APAOG Board

APAOG is excited to welcome new and returning board members. Check out the updated [board listing](#) on our website to see some new and familiar faces!

A special thank you to those who have previously served on the board! Thank you for your years of service, APAOG would not be where it is without you!

APAOG Member Survey

Thank you for filling out the APAOG member survey. Your feedback is important and will be incorporated into the planning for the next year and years to come!

Research Survey

Do you have 5 minutes to spare? Bethel University's Physician Assistant Program is conducting a research study looking at the relationship between religious affiliation and views of the prescribing of long-acting, reversible contraceptive methods. The research will be conducted by means of a short survey which is attached to this email. Please feel free to contact researcher Kayla Westling, PA-S (kaw57258@bethel.edu), researcher Ashley Overby, PA-S (aso57553@bethel.edu), or Research chair Lisa Naser, PA-C (l-naser@bethel.edu) with any questions or concerns! Thank you!

Follow this link to the Survey: <http://bit.ly/2tGccxG>
